### STEAM WITH YUNUS EMRE'S POEMS

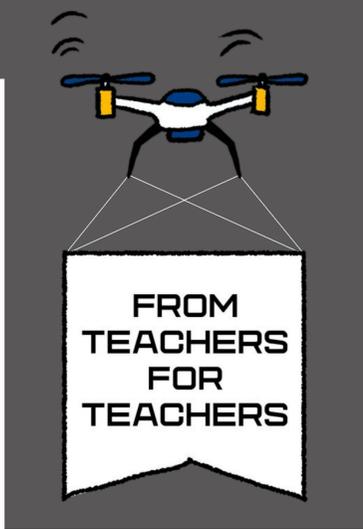

STEAM: EXAMPLE OF THE WORLD AND THE UNIVERSE SUPPORTED BY YUNUS EMRE'S POEMS AT MIDDLE SCHOOL LEVEL

STEAM and soft skills are very important for preparing our students for the future. Like Rumi, Yunus Emre was a great Turkish thinker and poet who has been a leading light for humanity for centuries with his suggestions to adopt the values of patience, satisfaction, tolerance, generosity, goodness and virtue. With the 5E model commonly used to prepare lesson plans in STEM approach, Middle School 7th grade. The science course for the students of the class is in accordance with the STEM approach in the field of Earth and Universe subject matter, and a course plan has been created that includes various disciplines and sub-achievements.

The fact that our students only have technical skills without a values education puts our future in danger.

Come, let us all be friends for once,  
Let us make life easy on us,  
Let us be lovers and loved ones,  
The earth shall be left to no one.  
Yunus Emre

## Project Title Calibri 70 pt

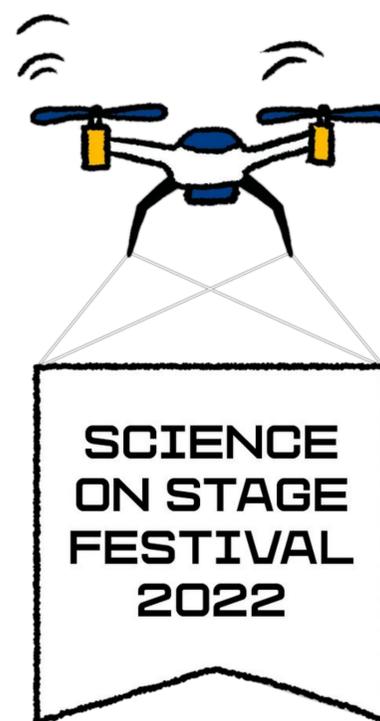

Subtitle if necessary Calibri 35 pt

This is the project description. The text is set in 31 points. This might seem large but you have to consider, that the distance between the reader and the poster might be quite big, so a large typeface is essential for readability. Also you should not overestimate the average reading time of a poster.

A clear structure also helps the reader to quickly understand, what your poster is about so highlighting facts with a bold typeface and colour might be useful.

Please stick to your Guiding Theme's color scheme, f.e. for title or subtitle. Colors are intentionally selected and fixed. Color codes for each Theme are listed below.

CMYK	RGB	Guiding Theme
